

# Accessories

Weddings are the one place it's acceptable to wear a hat, so go for it, girl! Just choose the hat that will be most flattering to your foxy outfit. And why not say 'I do' to these delectable accessories?

## Hats

- 1 Dark, wide brims create a fabulous sense of drama (oooh, get you); wear with moody hues.
- 2 Pale, wide brims add sophisticated formality to even your most laid-back summer dress.
- 3 Neat pill-box hats are a chic option for teaming with retro-sexy suits.

- 4 Show everyone your cheeky and flirtatious side with a fun feathery fascinator.
- 5 An angled trilby is funky, but still looks suitably formal for a wedding.
